

Town of Ticonderoga Pharmaceutical Disposal Program

The Town of Ticonderoga's Pharmaceutical Disposal Program focuses on alleviating the health and safety concerns from the diversion and abuse of prescription drugs by helping residents properly dispose of unused prescription medications. Keeping unused opioids or other common drugs of abuse in a medicine cabinet is no longer safe or responsible, and improper disposal of prescription drugs can create environmental hazards impacting groundwater, rivers, and harming wildlife.

The Town of Ticonderoga Police Department is a permanent prescription drug drop off location that accepts unused or expired prescription drugs. Residents are encouraged to bring the pharmaceuticals to the Police Station for proper disposal. The Station is open 24-7 and is located at 135 Burgoyne Road in Ticonderoga.

This project was undertaken in connection with the settlement of an enforcement action, United States and State of New York v. Town of Ticonderoga, taken on behalf of the U.S. Environmental Protection Agency and New York Department of Public Health under the Safe Drinking Water Act.
