Additional Comments:

In determining the content of the site plan and supporting documentation the Planning and Zoning Board may waive certain requirements if the Planning and Zoning Board deems such requirements or information is unnecessary for the type of project proposed. Any such waiver shall be made in writing on the appropriate form, and shall contain statements of the reason why the waived information requirements are not necessary for an informed review under the circumstances. The Planning and Zoning Board may grant such waivers on its own initiative or at the written request of an applicant. Such request shall set forth the specific requirements that are requested to be waived and the reasons for the requested waiver. Absent any waiver request or waivers, and application shall include the following, which shall be prepared by a licensed engineer, architect, surveyor, landscape architect or any combination thereof.

- A. A map of the applicant’s entire holdings at a scale not to exceed one inch equals 200 feet, unless the Planning and Zoning Board determines a different scale is more appropriate.
- B. An area map, at a scale not to exceed one inch equals 30 feet, showing all properties, subdivisions, streets, water courses and easements which pass through the property or are known to abut the applicant’s property.
- C. A topographic map, at a scale not to exceed one inch equals 30 feet, showing contours at maximum two-foot intervals.
- D. A site plan, including the following information:
 - 1. The title of the drawing, including the name(s) and address(es), of the applicant or owner of record.
 - 2. North arrow, date, scale.
 - 3. The name and address of the person, firm or organization preparing the map.

4. Boundaries of the property plotted to scale.
5. Existing watercourses and direction of drainage flow.
6. A site plan showing location of proposed use or uses, bulk data and height of all buildings and location of all parking areas, with access drives thereto.
7. The location of all existing or proposed site improvements, including but not limited to; drains, culverts, retaining walls, fences, existing water and other utility facilities, description of method of sewerage disposal and location of such facilities, location and sizes of all permitted signs, location and design of lighting facilities, the amount of building coverage proposed, if any, and existing areas of vegetation and trees (in general, five inches or more in diameter or, if in significant clusters, those less than five inches).
8. A tracing overlay showing areas, if any, with moderate-to-high susceptibility to flooding or ponding, moderate-to-high susceptibility to erosion and slopes in excess of 15 percent. For areas with potential erosion problems, the overly shall also include an outline of existing vegetation.
9. A grading plan showing existing and proposed elevations of site.
10. Landscape plan and planting schedule.
11. Stormwater pollution prevention plan (as applicable or if area of disturbance exceeds one acre)

SIGNATURE PAGE

To the best of my knowledge, the statements contained in this application, together with the plans and specifications and other supporting documentation submitted are a true and complete statement of all proposed work to be done on the described premises and that all provisions of the Building Codes, the Zoning Ordinance, and all other local, state, and federal laws pertaining to the proposed work shall be complied with, whether specified or not.

Further, unless specified or extended by the Planning and Zoning Board, a decision on any site plan review shall expire if the Applicant fails to undertake the proposed action or project, to obtain the necessary building permits to construct any proposed new building(s) or change any existing building(s) or to comply with the conditions of said authorization within one year from the filing date of such decision thereof.

The Planning and Zoning Board may employ consultants, legal counsel, professional engineers, and/or inspection services for their assistance and advice in the review of any application before it and for such purposes as the Planning and Zoning Board may require therefor, including but not limited to; on site investigation, evaluation and inspection, verification of the accuracy of information submitted, evaluation of the adequacy of plans, of the sufficiency of submitted reports; flood hazard evaluation; study of the impact of proposals upon the resources and environment of the Town; preparation and/or review of any environmental impact statements; review of the design and layout of improvements; inspection of installed improvements; and such other services or technical assistance as the Planning and Zoning Board shall deem necessary for its review of such application, and for the administration of the Town, County, State, and Federal regulations in relation thereto. The Applicant authorizes the Planning and Zoning Board, as it deems necessary, to employ such assistance and agrees to reimburse the Town for the costs and fees associated with any requested consultants to assist them in their review and consideration of the application, whether it be for either technical or legal purposes. When appropriate the Planning and Zoning Board shall have the authority to request a deposit from the Applicant for the cost and fees associated with consultants in advance of the review.

It is understood that the Applicant shall satisfy all requirements of the site plan approval or decision and conditions applicable to such prior to a Certificate of Occupancy or Certificate of Compliance being issued.
